NEIGHBORHOODS

Relocating to a new area is always an exciting experience. There are always so many great neighborhoods to choose from. Your REALTOR® has your back!
Check out a few of the neighborhoods in the area.

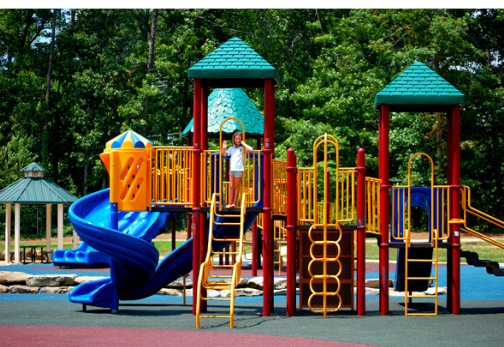

Central

Taking a stroll in the heart of the city, an interesting thing you will encounter is that most of the residential buildings in this neighborhood are built in the same era of 1969-1999. Constituting high-quality public schools and above-average safety, this part of the city is jammed with school-going kids and their families, making it easier for children as well as parents to socialize and form a family-friendly neighborhood. Family parks, a diverse range of sports facilities, and communal libraries make this part of the city feels more like a united community.

Idalia Rd NE

This neighborhood is an ideal place for big families as houses here are mainly 4-6 bedrooms with moderate size green lawn. Imagine waking up to the sunlight and having breakfast with your family in an open dining area. Isn't that alluring? All the residential blocks in this area are newly built, so it won't be a surprise if the smell of paint or freshly cut wood strikes your nose while driving here. Moreover, it gives a squeaky clean and spotless image of this locality.

SOUTHERN BLVD SE

A few steps from the city's bustling malls, multiple restaurants of diverse cuisines, or a short drive to Albuquerque, that's what it feels like to live in this neighborhood. The chirping sounds of birds residing in the Rio rancho's famous parks are also some minutes' walk away for you to enjoy your evenings to unwind from daily stress. This locality is more inclined towards non-urbanized living, thus giving a solid perception of a big family living together.

Enchanted hills DR NE

This maestro-crafted neighborhood has everything to upgrade your lifestyle. Be it state of the art municipal or lavish co-curricular facilities. The icing on the top is its magnificent park that spreads on the area of 9 acres and embodies basketball courts for friendly matches, a BBQ grill for the weekend party, and a lush green walking path for the tranquil evening walks. Comprising of families from military backgrounds and manager kinfolks, it wouldn't be an exaggeration to call this vicinity a neighborhood with the highest achieving adults. Thus, having living solid role models to look up for your kids to do better in life.

Cabazon

Cabazon in Rio Rancho is one of the largest master-planned communities in New Mexico. Cabazon is conveniently located in the heart of one of the state's fastest growing cities, just north of the Albuquerque city limits in Sandoval County. The City of Vision's expansion is reflected in the abundance of restaurants, retail shopping centers, and activities for residents seeking an active lifestyle.

Did You Know?

Rio Rancho is the fastest-growing community in the state

It has been recognized as one of “America’s 50 Best Cities to Live.”

Moving Timeline

Once you have decided to move, the planning process begins. There's a lot that goes into making a move. Whether you are moving in the area or across the country, Your Real Estate Agent is a great resource and can assist you.

8 weeks before you move!

CREATE A BUDGET

How much would it cost to move; moving supplies: boxes, tape, bubble wrap, truck, and labor.

BEFORE YOU PACK A SINGLE BOX

Take inventory of your belongings if you are looking to downsize or need to declutter. Consider having a yard sale, donating unwanted items to a local non-profit, salvation army, or you can sell your items online using the Facebook marketplace, Craigslist, or you may want to auction collectibles.

GET THE MOVING TEAM READY:

Our team can assist you with this if needed. Call and book your moving Truck and arrange for your moving helpers early. Make sure they are licensed and bonded. Booking early could avoid paying higher fees, especially during peak seasons.

LET'S START PACKING:

Preparing and starting early is the best option. This way, you are not rushed. Start with one room at a time. Label all boxes (see printable labels)

4 weeks before you move!

CONTACT AND SCHEDULE WITH SERVICE PROVIDERS:

Call the utility, internet, cable, and security company to transfer service to your new home. Also, contact your current service providers to close out your account.

CHANGE OF ADDRESS:

Visit or go online to submit a change of address with your local post office. Contact your bank, and all your creditors; car, credit card, insurance companies. Notify your human resource office for a change of address for your payroll and or tax documents.

NOTIFY AND CANCEL LOCAL NEWSPAPERS AND OTHER REGULAR DELIVERY SERVICES:

Transfer magazine and newspaper subscriptions, water services. If you are changing banks, make sure you contact your banking institution to make arrangements to remove items from safe deposit boxes.

PLANNING SCHOOL TRANSFER

If you have school-age children, arrange for their school records to be transferred to their new school district.

Once you have decided to move, the planning process begins. There's a lot that goes into making a move. Whether you are moving in the area or across the country, Your Real Estate Agent is a great resource and can assist you.

2 weeks before you move!

- CHECK EVERYTHING:**
Confirm your rental truck and moving labor help. Your agent can make sure the team is ready to go. Ensure you have all your tools and supplies for the movers if needed.
- THE ESSENTIALS -THE MUST HAVE:**
Once you arrive at your new place, it may not be convenient to go through all your boxes. We highly recommend that you pack a separate box with your essentials like medications, soap, toiletries, toothbrush, change of clothes for a few days, clean sheets, and towel. You can mark this box as *The SURVIVAL BOX*
- FINAL WALKTHROUGH**
Do a final inspection and walkthrough to ensure everything is in good working condition for the new buyers if you are selling your current home.

2 days before you move!

- LAST-MINUTE CHECK-UP**
Ensure everything is ready for the movers and put your Essentials aside from what the movers will be taking.
- MAKE SURE YOUR VEHICLE IS OPERABLE**
If you are driving to your new home, make sure you have checked your vehicle; oil change, tune-up, and air pressure for tires.

Moving Day!

Follow this checklist ahead of moving day to make sure you're ready for the move. Moving can be a long and complicated process, so take it one step at a time and make sure to plan ahead to minimize stress.

RELAX, IT'S THE BIG DAY

Get plenty of rest the night before; relax and rest assured that your Real Estate Agent will be there with you every step of the way.

YOUR PRECIOUS TREASURES

There will be many things going on with the movers going in and out of the house. Ensure that all the boxes and items that the movers will be taking are marked and ready to go. It may be a great idea to ask family, friends, or trusted neighbors to watch the kids and or pets during this time.

FINAL WALKTHROUGH

You may want to arrange for a cleaning company to come in to give the house a new shine. Do a final inspection and walkthrough to ensure you have removed everything. Also, make sure everything is working and in good condition for the new buyers if you are selling. You can leave a note for the new buyers and warranties or instruction manuals that may be useful.

SAY GOODBYE

Take a moment to say your goodbyes. Your neighbors will miss you and wish you well. Tell them a little about the New Buyers if you have Sold your Home; if they have any questions about the Sale, your Agent can assist them. We love and appreciate your referral.

LET'S STAY CONNECTED

Although you will be residing at a new location, we will forever be connected. Your Real Estate Agent is here for you every step away now and forever.

There are many decisions you'll have to make during a move, including the choice to either hire a professional moving company or do it all yourself. Use this form to track the Moving Companies you find. Your Real Estate Agent can assist you in finding a company that is licensed and bonded.
